

BIOE391 - Numerical Methods

Prof. Lucas Camargo - Spring 2022

Homework 10 - due 04/20/22

Please upload a hard copy of the homework as a single PDF or Word file to Canvas. Handwritten formulas (equations) and diagrams are OK if the files are clearly scanned. Please make sure your file is clearly readable before uploading. The following problem are from the textbook Applied Numerical Methods with MATLAB for Engineers and Scientists, 4th Edition. **These problems can be solved by hand or MATLAB.**

1. Problem 23.27
2. Problem 23.32
3. Problem 24.11
4. Problem 24.13
5. Problem 24.14
6. Problem 24.22
